

LAND OWNERSHIP RECORD — EXTRACT

Reference No: LR-0033 | Generated: 23 August 2026

Extract from the Register of Land Records maintained under the Digital India Land Records Modernization Programme, prepared in respect of the immovable property comprised in Survey Number SY-661/80, situated in the Coimbatore district, and recorded in the name of Keya Goyall as the registered owner pursuant to the chain of title traced through the mutation entries appearing in the village accounts.

The extent of the said property, as measured and recorded during the most recent resurvey, is 3.88 acres, classified in the land-use register as residential plot. The property is bounded, according to the field-measurement book, on the north by Parmer Circle, on the south by land comprised in an adjoining survey number, on the east by a public pathway, and on the west by land belonging to a neighbouring pattadar, all as more particularly delineated in the accompanying village map, which is not reproduced in this extract.

The property stands registered at a value of Rs. 4,200,000.00 for the purposes of stamp duty and registration fee computation as on the date this extract was drawn, and the corresponding Patta Number allotted to the holding is PT-06719. As per the encumbrance particulars available with this office as on date, the property is free from all encumbrances.

Id odio vero at modi. Aspernatur itaque quisquam officia debitis aliquam. Optio error harum autem porro laborum. Ipsa deleniti alias ad voluptatum dolores harum recusandae. Libero vitae repellat vitae accusamus. Animi ratione aliquam blanditiis rem pariatur. Velit sit modi qui doloremque asperiores quasi.

This extract has been generated from the digitised land records database and is furnished for the limited purpose of official verification. It does not, by itself, confer or extinguish any title, right, or interest in the property, and applicants are advised to obtain a certified copy of the patta and encumbrance certificate from the jurisdictional Sub-Registrar Office before relying on this extract for any transactional purpose.
